Social Media Policy

The use of social media within SARA is limited. The following statement sets out expectations around social media.

Statement

Social media within SARA should be used for the benefit of the organisation in line with the objects of the charity.

SARA's social media platforms should not be used to post or share content which is, or which could be regarded to be: harmful, in breach of the law, inconsistent with the charity's purpose and not in the best interests of the charity.

Trustees should be mindful when posting/sharing content on personal accounts as although posts are the opinions of the individual, they could still result in a negative impact on SARA.
